

## Group Tours and Field Trips

Guided group tours of the Mennello's permanent collections and special exhibitions can be arranged for student or adult groups. Our docents invite participants to explore the collections by looking closely and interacting with specific works of art. Guided tours deepen understanding, encourage learning, and are tailored to meet a variety of interests and learning needs.

To schedule a guided tour, please contact us at least two weeks in advance. Call or e-mail our Curator of Education, Genevieve Bernard at (407) 246-4278, x 4 or [genevieve.bernard@CityOfOrlando.net](mailto:genevieve.bernard@CityOfOrlando.net) for reservations and more information.

- We are wheelchair accessible and have ample seating; we have one wheelchair onsite.
- Self-guided groups that wish to visit any of our exhibitions without a docent are welcome do so, but reservations are still required.
- When details of your visit are confirmed, you will receive a confirmation e-mail with date, time, and check-in information.
- Please plan to arrive 10 minutes prior to your scheduled start time.
